

Real Cost vs. Sticker Price Across Higher Education Sectors

Average Net Price by Sector (2017-18)

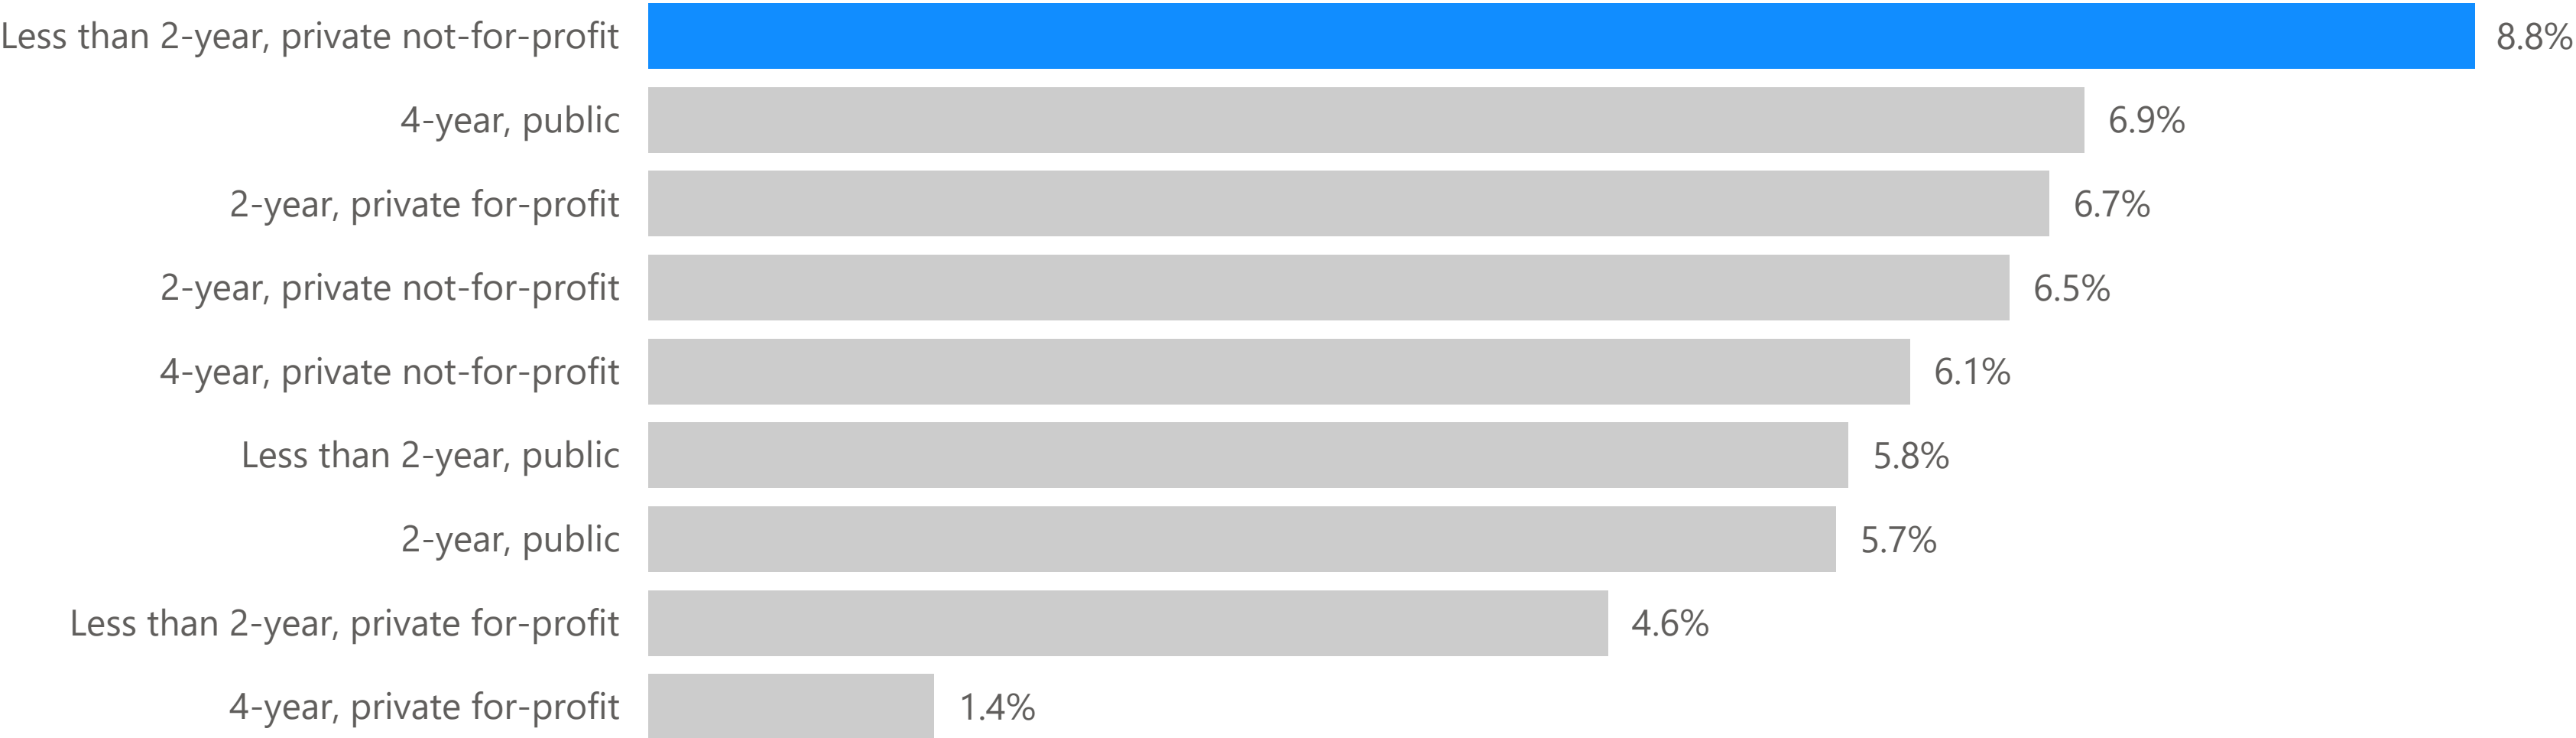

Average Tuition and Fees by Sector (2018-19)

Net price reflects total cost after grants, including tuition and living expenses. Tuition shows only the sticker price. The highlighted sector has the highest net price despite lower tuition, indicating limited aid and higher overall costs for students.

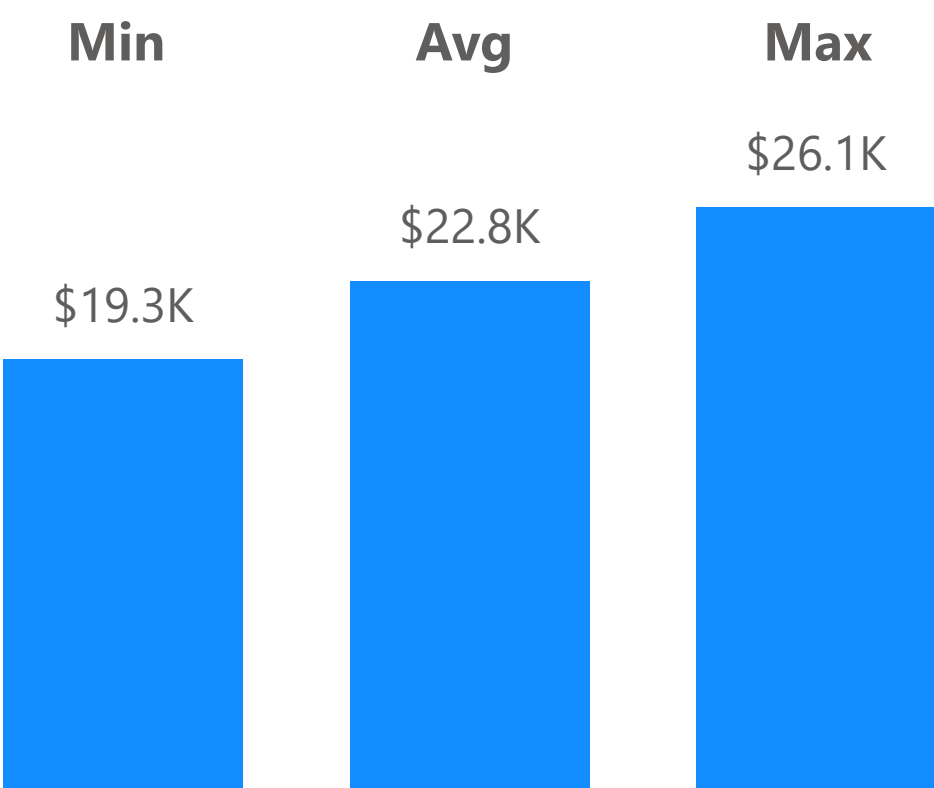

Tuition Change and Sector Focus

Tuition Percent Change by Sector (2016-17 to 2018-19)

Tuition in this sector has risen faster than others, showing the steepest percent increase over time.

Net Price Range for "Less than 2-year, private not-for-profit" Sector (2017-18)

Net prices in this sector stay consistently high, with limited variation between institutions.
